

Guillermo Scaglia Alonso, PhD; PAS

Professor and Department Head

100c Hultz Hall

North Dakota State University (NDSU); Fargo, ND 58108

Phone: (701) 231-1859; E-mail: guillermo.scaglia@ndsu.edu

ORCID: 0000-0001-7902-2111

A. EDUCATION

Ph.D., 2002. Nutrition. Texas A&M University, College Station, TX

M.S., 1994. Animal Science. Texas A&M University, College Station, TX.

Bachelor of Science, 1989. Crops and Livestock Production. Facultad de Agronomía, Universidad de la República (UDELAR). Montevideo, Uruguay.

B. PROFESSIONAL EXPERIENCE

April 2022 – present Professor and Head, Department of Animal Sciences, NDSU

May 2017 – March 2022 Professor and Associate Program Leader Agriculture and Natural Resources, Louisiana State University Agricultural Center (LSU-AgCenter Iberia Research Station [IRS] and Dean Lee Research and Extension Center [DLREC])

July 2016 – April 2017 Professor, LSU-AgCenter IRS and DLREC

July 2010 – June 2016 Associate Professor, LSU-AgCenter IRS and DLREC

Dec. 2007 – June 2010 Assistant Professor, LSU-AgCenter IRS

July 2004 – Nov. 2007 Assistant Professor, Department of Animal and Poultry Sciences (today School of Animal Sciences), Virginia Tech

July 2002 – June 2004 Postdoctoral Research Associate, Department of Animal and Poultry Sciences, Virginia Tech

1994 – 1999 Assistant Researcher, INIA-Uruguay

1989 – 1992 Auxiliary Researcher, INIA-Uruguay

C. LEADERSHIP TRAINING

-Fast Track Leadership Intensive Program. It trains attendees in the needed people skills, from influencing and persuasion to understanding why people do what they do. These skills enable leaders

to maximize the potential of those they work with. Graduated in October 2023.

-LEAD21. Class X. The program is intended to meet the future needs for leadership development of faculty, specialists, program and team leaders, research station and center directors, district and regional directors, department heads and chairs, and others in land grant universities' colleges of agricultural, environmental, and human sciences and USDA/NIFA. Graduated December 2014.

-Class XIII AgLeadership Program. This leadership program is designed to enhance our agriculture and communities throughout the state. The Agricultural Leadership Development Program prepares men and women (producers) dedicated to Louisiana agriculture. It is a combination of lecture-based and travel seminars throughout a two-year period. I participated in this Program representing the Louisiana Agricultural Experimental Station. Graduated from the Program in February 2014.

-Internal AgLeadership Program. Similar to the previous program, this one is dedicated to individuals working at the AgCenter who have an interest or leadership characteristics that might be useful for future Administrative positions. I graduated from the program in 2011.

D. ACADEMIC LEADERSHIP AND MANAGEMENT PHILOSOPHY

Since April 2022, I have had the privilege of serving as the Head of the Department of Animal Sciences, part of the College of Agriculture, Food Science, and Natural Resources (CAFSNR) at North Dakota State University. Prior to this role, I spent five years as Associate Program Leader for Agriculture and Natural Resources at the LSU AgCenter. These positions have shaped my philosophy of leadership and management in higher education, particularly within the land-grant system, where teaching, research, and Extension intersect to serve society.

At the core of my philosophy is the belief that leadership is about enabling others to succeed. My role is not to dictate every outcome, but to foster an environment where faculty, staff, and students can thrive. Transparency, inclusivity, and responsiveness are the foundations of my approach because trust and collaboration are essential to advancing our shared mission.

Leadership at North Dakota State University

At NDSU, I lead a department comprising over 50 faculty and staff members, serving approximately 300 undergraduate and 25 graduate students. We offer three majors (Animal Sciences, Equine Sciences, and Veterinary Technology) in our undergraduate curriculum, as well as a graduate program (MS and PhD) in Animal Science. One of my first priorities as Department Head was to strengthen communication and rebuild a sense of shared vision following the pandemic's disruptions. I initiated monthly faculty meetings and quarterly staff meetings, as well as an annual retreat for faculty, staff, and graduate students, all of which focused on strategy. This initiative has led to improved communication among faculty and staff, as well as increased transparency in discussions and decisions affecting the department. These have strengthened the sense of community and fostered better and closer relationships among individuals within or across research or lab groups, extension specialists, and research and/or teaching faculty.

In the last 30 months (since May 2023), NDSU embarked on a process of creating post-tenure review (PTR) guidelines and a workload policy for Faculty. It has been my role to guide Faculty towards achieving these goals, despite their sense of frustration, unrest, and concerns about what these changes meant. The PTR was a Faculty-led process, so my role here was more of a bridge between them and the Provost's office. Due to the complexity of the CAFSNR budget model (3 lines of

funding: Research, Teaching, and Extension), there was a need to explain/inform this issue to upper administration, trying to merge our working conditions and stakeholders needs with their way of conducting business: teaching as the central area of support and a much smaller research portfolio compared to ours.

As of now, we are concluding the department's workload policy for Faculty. As expressed above, programmatically the department is very diverse, with many classes that include hands-on learning activities, classes with small number students due to space, number of animals required for a class (i.e., horsemanship classes and arena space), or program's requirements like the Veterinary Technology Program, which follows AVMA guidelines and it must be accredited every five years (this year, we successfully went through the accreditation process). All the variables mentioned before made a workload policy challenging to define, i.e., what does 10% teaching represent? How many credits, or how many hours of interaction with students? Also discussed was the inclusion of a service appointment. Until now, CAFSNR did not have service included in Faculty's annual appointments, but now we are considering a 10% service. On our research mission, the major discussion was how the output should be measured (number of publications, number and/or dollar amount of grants, etc.). These issues were discussed with the understanding that we needed to reach consensus on how our workload policy would be developed, as it would become the rubric for faculty evaluation starting next year (2026).

In curriculum development, I collaborated with faculty to update core courses, eliminate steep barriers for students (such as pre-requisites when possible), and expand experiential learning opportunities. Over the past two years, more than 40 undergraduates have participated in industry-based internships or research projects with producers and commodity partners. I have created industry relationships that are providing hands-on opportunities in production settings (swine barns, feedlots, dairy farms), helping DVMs in daily work/activities (reviewing health protocols, responding to calls from producers), and participating in agribusiness opportunities (updating inventories, studying future markets, projecting and balancing farm and industry budgets), a realm where animal sciences, economics, and business management is intertwined. These experiences not only enhance technical knowledge but also develop the leadership capacity of our graduates, ensuring they are well-prepared for careers in animal agriculture.

Research and graduate education have also been a priority. Under my leadership, departmental faculty have secured over \$4 million in competitive grants since 2022, including major awards from USDA-NIFA and commodity boards. I worked to reallocate resources toward graduate student support, resulting in a 20% increase in graduate assistantships, which has strengthened both research output and recruitment. Additionally, targeted investments in laboratory and farm equipment (virtual fencing equipment such as tags, collars, towers for internet connectivity), and farm infrastructure (renovation of milking parlor, research cameras in all animal units, retrofitting the old barn and expanding the swine unit with a 500-head growing-finishing barn, developing a 5G network for all animal units, etc.), have increased and will increase, the department's capacity to conduct cutting-edge research on livestock nutrition, reproduction, manure management, precision management (cross-cutting several disciplines) and sustainability.

One initiative I am particularly proud of is spearheading research and Extension programming on precision livestock technologies. We are leveraging several research facilities across the state at the Hettinger, Dickinson, Grasslands, and Carrington Research and Extension Centers (REC). At Hettinger REC, NDSU has a "smart sheep feedlot" equipped with an individual feeding system,

greenhouse gases collection feeders, and smart handling facilities for a single operator. This barn and equipment have allowed the team to secure external funding and recruit graduate and undergraduate students. At Grasslands and Carrington REC, experimental beef feedlots with individual feeding systems became operational this year. We are working towards the development of new proposals by collaborating with our department, Agricultural and Biosystems Engineering, and Microbiological Sciences in the College of Agriculture, Food, and Natural Resources, as well as Computer Science and Electrical Engineering in the College of Engineering. By collaborating with specialists and agents, we developed and delivered workshops, field days, and online presentations to over 1,200 producers, helping them evaluate the economic return of tools such as electronic feeders and virtual fencing.

Leadership at LSU AgCenter

During my five years as Associate Program Leader for Agriculture and Natural Resources, I coordinated research and Extension programs across Louisiana in livestock, and natural resources. These programs reached more than 12,000 stakeholders annually, including small producers, large commercial operations, commodity groups, international visitors, and students from other Colleges in Louisiana. I closely worked with Extension specialists and research Faculty at different research stations. My program was primarily funded through NIFA and supported the evaluation of stocker and finishing programs at the Iberia Research Station, as well as cow-calf production systems at the Dean Lee Research Station. These efforts were interdisciplinary and incorporated faculty and extension personnel from campus, these stations, and the Hill Farm Research Station. Through a holistic system approach, we were able to create synergies that had no precedent at the LSU AgCenter. We were able to provide timely responses to producers about critical issues they were dealing with (from drought in Northeast Louisiana to hurricanes and storms affecting the South) by conducting workshops, pasture walks, or online presentations. We also developed three new Extension programs: Artificial Insemination School, Advanced Master Cattleman, and Grazing School, which are still going strong today.

I also invested in faculty development. I developed a statewide training program that enhanced Extension reporting and impact assessment, ultimately increasing their success in programs and activities with stakeholders. This also helped faculty succeed in securing external funding. During my tenure, Agriculture and Natural Resources faculty leveraged more than \$5 million in extramural grants and commodity board funding, in part due to stronger reporting, evaluation, and stakeholder engagement.

Stakeholder partnerships were a central component of my leadership. I coordinated annual meetings with more than eight commodity boards and producer organizations, ensuring Extension and research priorities were aligned with agricultural sector needs. This engagement directly influenced program directions in beef cattle (nutrition, reproduction, genetics), forage management and soil health, silvopastoral systems, and crop/livestock production systems, and positioned faculty to deliver measurable impact at both local and statewide levels.

Guiding Principles for Academic Leadership

Across both institutions, I have remained committed to mentoring faculty, fostering interdisciplinary collaboration, and creating inclusive opportunities for students. I believe accountability—to students, colleagues, stakeholders, and the public—is fundamental to leadership. For example, at NDSU, I initiated annual performance reviews that combine recognition of achievements with targeted support for growth. This process has improved clarity of expectations and enhanced faculty morale.

Looking forward, I see academic leaders as stewards of both people and resources. We are entrusted with the growth of students who will lead the industry, the careers of faculty who advance discovery and outreach, and the trust of stakeholders who depend on us to solve complex agricultural challenges. My guiding principle is to lead with integrity, to listen before acting, and to always keep the land-grant mission at the center of decision-making.

E. FUNDRAISING EXPERIENCE

NDSU (2022 – present). Worked with donors to raise funding (philanthropic support) for different initiatives for the Department of Animal Sciences; so far, we have raised:

- 1) 3.1 million dollars for the development of the “Smart Swine Unit” on campus. Construction of a new state-of-the-art unit with precision technologies and specialized research rooms for work in stress physiology, as well as retrofitting our existing swine barn, began last month. This funding has been possible thanks to commodity boards (Corn Council, Soybean Council, and Farmers Union) in North Dakota.
- 2) 3 million dollars for the creation of the Livestock Evaluation Faculty Endowment. This has been possible with the contribution of a single donor who supported the effort with 1 million dollars, the state of North Dakota through the North Dakota Challenge Grant Program with another \$1 million and 248 individuals who provided the final million dollars. This endowment supports all aspects of the NDSU judging program, including faculty and coaches, recruitment of and marketing to students, teaching, travel, and other program activities. The Livestock Judging Coach was recently hired (May 2025).
- 3) \$15,000 for new scholarships for undergraduates and one for graduate students.

LSU Agricultural Center (2008, 2012, 2017, 2019, 2020, 2021). Helped with recovery efforts (livestock and horses transportation, feed, hay, water, etc. for them) after disasters (hurricanes). These efforts were in partnership with producers’ associations, and state government agencies. In-kind donations were estimated to be more than \$2 million. Other donations were administered by the state government.

F. RESEARCH AND CREATIVE ACTIVITY

Other Publications

In the Fall of 2014 the Louisiana Agriculture magazine dedicated a special issue to “Forage-fed beef production” and I was the invited editor for the issue. Twelve articles were written by different Faculty that participated in the AFRI-NIFA project that I was the Project Director (PD) for. I was first author in two of the articles and co-author in six others (citations 48 to 55 of the list below). Also available at:

Conferences, meetings participated

2025

- ASAS CSAS Annual Meeting; Hollywood, FL; July 6-10
- 3rd US Conference on Precision Livestock Farming; Lincoln, NE; June 2-5

2024

- Animal Science Department Heads Annual Meeting. Athens, GA; April 22 – 24

2023

- ASAS-CSAS Annual Meeting. Albuquerque, NM; July 16 – 20, 2023.
- 2nd U.S. Precision Livestock Farming Conference; Knoxville, TN; May 21 – 24
- Animal Science Department Heads Annual Meeting. Denver, CO; April 12 – 13

2022

- Animal Science Department Heads Annual Meeting. Washington DC; September 20 – 22
- ASAS-CSAS Annual Meeting & Trade Show. Oklahoma City, OK; June 26 – 30

2021

- US Dairy Forage Research Center Webinar Series "It's only grass, isn't it?"; March 3.

- USDA Agricultural Outlook Forum: “Building on Innovation: A Pathway to Resilience” Webinar (<https://www.usda.gov/oce/ag-outlook-forum/aof-program>) February 18 and 19.
- US Dairy Forage Research Center Webinar Series "Using snapshots to create the bigger picture"; February 17.
- Ward Laboratories Webinar “Alfalfa Breeding and Forage Quality Traits”; February 15.
- Society of Range Management Virtual Annual Meeting. February 14-18.
- ASAS Webinar “Precision Management of Animals: Image Processing and Computer Vision Applications.” February 9.
- USDA NIFA Webinar “Applying to NIFA Research Programs as a Small or Mid-Sized Institution”. February 9.
- U.S. Dairy Forage Research Center Webinar Series; “Alfalfa establishment in high yielding silage corn.” February 3.
- USDA NIFA & ARS Animal Production Stakeholder Webinar; January 27 and 28.
- Crop Science Editorial Board Meeting. January 26.
- U.S. Dairy Forage Research Center Webinar Series; “Research updates with baled silages.” January 20.

2020

- Soil Health Institute Webinar Series. “Standard Measurements for Soil Health.” December 8.
- ASAS Webinar Series. “Increasing the Genetic Potential of Commercial Beef Production: a Historical and Future Look at Genetic Programs at the US Meat Animal Research Center.” December 3.
- Crop Science Editorial Board Annual Meeting. November 17.
- “Brown Bagger” Webinar Series. “From pasture to plate – data collection along the entire food chain” and “Opportunities for capturing additional data in US.” October 28.
- “Brown Bagger” Webinar Series. “Why is Change Better?” and “Validation of Genetic Evaluation System Model Enhancements at IGS.” October 21.
- “Brown Bagger” Webinar Series. “Angus-On-Dairy \$Value Indexes” and “Beef on Dairy ‘Breeding to Feeding.’” October 14.
- ASAS Webinar Series. “Beef Production from the Dairy Herd.” October 7.
- Ward Educational Webinar Series. “Grazing Quality Forages; Practical Soil Health.” October 5.
- ASAS Webinar Series. “Nutritional Regulation of Muscle Growth.” August 18.
- Soil Health Institute Annual Virtual Meeting: "Soil Health: The Foundation for Regenerative Agriculture." July 30-31.
- International Webinar “Stocker and Grass-fed finishing in the southeast of the USA” (“Recria y engorde a pasto” (<https://www.ifinaedu.com/programa/programa-carne-2020/>); presentation to the Instituto de Formación e Investigación en Nutrición Animal de Argentina (<https://www.ifinaedu.com/>); July 29.
- LSU AgCenter Dean Lee Research and Extension Center virtual field day. July 20.
- ASAS-CSAS-WSASAS Virtual Annual Meeting and Trade Show. July 19-23.
- Beef Improvement Federation Annual Meeting. Online. June 8-12.
- ASAS Webinar Series. “Sustainable Food Animal Production: Providing a Good Life for Farm Animals.” June 4.
- ASAS Webinar Series. “Cell-based meat: The need to assess holistically.” May 21.
- Webinar NIFA Equipment Grant Program. May 21.
- Beginning Farmers Extension Program NIFA; Conference call; May 19.

- Virtual Farm certification for Grass-fed products. Southern SARE. May 12.
- ASAS Webinar Series. “The impacts of COVID-19 on cattle and beef markets and what comes next.” May 7.
- Annual Graduate Faculty Meeting (virtual). April 29.
- ASAS Webinar Series. “Genetic control of thermotolerance in cattle at the whole-animal and cellular level.” April 15.

2019

- European Federation of Animal Science Annual Meeting; Ghent, Belgium. August, 26-30. Presenter.
- American Society of Animal Science (ASAS)-Canadian Society of Animal Science (CSAS) Annual Meeting and Trade Show; Austin, TX. July 8-11. Presenter.
- LCAAA Annual Meetings; New Iberia, LA. June 2-5. Presenter.
- Southern Pasture and Forage Crop Improvement Conference; Roanoke, VA. May 21-23. Presenter.
- Southern Section of the (ASAS) Meetings; Oklahoma City, OK. January, 26-29. SERA-41 organizer.

2018

- 72nd Southern Pasture and Forage Crop Improvement Conference. Fayetteville, AR. May 14-16. Co-Organizer.
- Southern SARE “Our Farms, Our Future Conference.” St. Louis, MO. April 3-5. Presenter. 2017
- Annual Meeting of the American Society of Animal Science (ASAS); Baltimore, MD. July 8-12. Presenter.
- Dirt Rich or Dirt Poor; Cattle Producers of Louisiana Information Seminar. DeWitt Livestock Facility, LSU AgCenter Dean Lee Research Station. February 10.
- Southern Section of the American Society of Animal Science (ASAS) Meetings; Franklin, TN. February 4-7. Presenter.
- American Forage and Grassland Council (AFGC) Annual Meeting; Roanoke, VA. January 22-24. Presenter.

2016

- Louisiana Grazing Land Conservation Initiative: Education for Serious Grazers! LSU Agricultural Center Iberia Research Station and University of Louisiana at Cade Farm. October 6 and 7. Two all-day workshop dealing with “Basics of Grazing Management” and “Advanced Grazing Management”.
- Project Director (PD) AFRI meeting; Virginia Beach, VA. Presentation of project preliminary results. September 19-20. Presenter.
- Southern Pasture & Forage Crop Improvement Conference; West Monroe, LA. May 2-4. Presenter.
- Southern Section of the American Society of Animal Science (ASAS) Meetings; San Antonio, TX. February 6-9. Presenter.
- American Forage and Grassland Council (AFGC) Annual Meeting; Baton Rouge, LA. January 10-12. Presenter

2015

- National Beef Cattle Evaluation Consortium. “Brown bagger” Webinar series “Advancing genetic selection in beef cattle: Improving current tools and developing new ones”. October 7, 14, 21, and 28.
- Southern Section of the American Society of Animal Science (ASAS) Meetings; Atlanta, GA. January 31- February 3. Presenter.

2014

- Project Director (PD) AFRI meeting; Washington DC. Presentation of project results (oral presentation and two posters). October 29-30. Presenter.
- National Beef Cattle Evaluation Consortium. “Brown bagger” Webinar series. October 1, 8, 15, 22, and 29.
- ADSA-ASAS-CSAS Joint Annual Meeting; Kansas City, MO. July 20-24. Presenter
- Healing the Land and Building Soil Health Workshop (NRCS); Alexandria, LA. May 23. Presenter.
- Southern Pasture & Forage Crop Improvement Conference; Biloxi, MS. April 21-23. Presenter.
- American Society of Agronomy Webinar: Combining livestock, manure and cover crops. March 13.

2013

- Behave Workshop: “Teaching cattle to consume weeds”. University of Louisiana-Lafayette; Cade, LA. 11/19 and 20.
- National Beef Cattle Evaluation Consortium. “Brown bagger” Webinar series. October 9, 16, 23, and 30.
- ADSA-ASAS Joint Annual Meeting; Indianapolis, IN. July 8-12. Presenter.
- Southern Pasture & Forage Crop Improvement Conference; Tyler, TX. April 22-24. Presenter.
- Project Director AFRI meeting. Washington DC; February 20-22. Presenter.
- Southern Section of the ASAS Meetings; Orlando, FL. February 2-5. Presenter.

2012

- National Beef Cattle Evaluation Consortium. “Brown bagger” Webinar series. October 3, 10, 17, 24, and 31.
- Southern Section of the ASAS Meetings; Birmingham, AL. February 5-7. Presenter.

2011

- National Beef Cattle Evaluation Consortium. 2011 “Brown bagger” Webinar series. October 5, 12, 19, and 26.
- American Society of Animal Science Annual Meeting; New Orleans, LA. July 10-14. Presenter.
- Southern Section of the ASAS Meetings; Corpus Christi, TX. February 8. Presenter.

2010

- National Beef Cattle Evaluation Consortium. 2010 “Brown bagger” Webinar series. October 20, 27, November 3 and 10.
- Southern Section of the ASAS Meetings; Orlando, FL. February 6-9. Presenter.

2009

- 4th National Conference on Grazing Lands, Grazing Lands Conservation Initiative (GLCI).

Presenter; Reno/Sparks, NV. December 13-16. Presenter.

-Southern Section of the ASAS Meetings; Atlanta, GA. February 4-8. Presenter.

2008

-Louisiana Forage and Grassland Council Annual Meeting; Alexandria, LA. December 6.

-ADSA-ASAS Joint Annual Meeting; Indianapolis, IN. July.

-Geology Society of America (GSA) - American Society of Agronomy (ASA) - Crop Science Society of America (CSSA)-Soil Science Society of America (SSSA) Annual Meeting; Houston, TX. October.

-Southern Section of the ASAS Meetings; Dallas, TX. February.

2007

-ADSA-Poultry Science of America (PSA)- Asociacion Mexicana de Produccion Animal (AMPA), ASAS Annual Meeting; San Antonio, TX. July.

2006

-ADSA-ASAS Annual Meeting; Minneapolis, MN. July.

-ASA-CSSA-SSSA Annual Meeting; Indianapolis, IN. November.

- Southern Section of the ASAS Meetings; Orlando, FL. February.

2005

-ADSA-Canadian Society of Animal Science (CSAS)-ASAS Annual Meeting; Cincinnati, OH. July.

-ASA-CSSA-SSSA Annual Meeting; Salt Lake City, UT. November.

2004

Southern Section of the ASAS Meetings; Tulsa, OK. February.

-American Forage and Grassland Council Meeting; Roanoke, VA. June.

-ADSA-ASAS-PSA Annual Meeting; St. Louis, MO. July.

-Plains Nutrition Council Spring Conference; San Antonio, TX. April.

2003

-Virginia Forage and Grassland Council Annual Meeting; Blackstone, VA. February.

-Plains Nutrition Council Spring Conference; San Antonio, TX. April.

2002

-Plains Nutrition Council Spring Conference; San Antonio, TX. April.

-Southern Section of the ASAS Meetings

2001

-Plains Nutrition Council Spring Conference; San Antonio, TX. April.

-Plains Nutrition Council Fall Conference; Amarillo, TX. October.

-Southern Section of the ASAS Meetings

2000

-Plains Nutrition Council Spring Conference; San Antonio, TX. April.

-Plains Nutrition Council Fall Grazing Conference; Amarillo, TX. October.

1998

-8th World Conference of Animal Production; Seoul, South Korea. June. Presenter.

1994

-National Conference on Forage Quality, Evaluation, and Utilization; Lincoln, NE. April.

-International Conference on Livestock in the Tropics; Gainesville, FL. May.

1993

-22nd Biennial Conference on Rumen Function; Chicago, IL. November.

Conferences, Workshops and Short Courses Organized

American Society of Animal Science

Committee member (Ruminant Nutrition section of national ASAS) for the Symposium “Reducing the Environmental Impact of Ruminants- a Nutritional Approach”. 2021 ASAS-CSAS-SSASAS Annual Meeting (Louisville, KY); July 14-18.

-Committee Chair for the Symposium “Cow-Calf Production in the Southeastern US: Potential for Impact and Economic Sustainability”. Southern Section of the ASAS; San Antonio, TX. February 6-9, 2016.

-Committee member of the Symposium “Design, analysis, and conduction of quality grazing research”. Southern Section of the ASAS; Atlanta, GA. February 3-6, 2015.

-Organizer and Chair of the Symposium “Advancements in enhancing cell wall digestibility and its contribution to improve ruminant production” held at the ADSA-ASAS Joint Annual Meeting in Indianapolis, IN. July 8-12, 2013.

-Chair of two sections for the Ruminant Nutrition Committee in the ADSA-ASAS Joint Annual Meeting in Indianapolis, IN. July 8-12, 2013.

-Co-Organizer of the Multidisciplinary Symposium in the Southern Section of the ASAS meetings (starting in 2014 it is named “Bill E. Kunkle Interdisciplinary Beef Symposium”, in honor of the late Dr. William E. Kunkle):

2017. “Forage Systems to Extend the Grazing Season in the Southeastern U.S.”

2016. “Minerals and vitamins in ruminant animal production”

2015. “Tall fescue toxicosis update”

2014. “Well-being/welfare in southern beef cattle production systems”

2013. “Climate Change and its effect on beef production”

2012. “Stocker production in the Southern US”

2011. “New developments in replacement heifers”

2010. “Understanding grass-fed beef”

2009. “Dealing with the new high cost input environment”

-Organizer and Chair of the Pastures and Forages section at the Southern section meetings of the ASAS; Orlando, FL. February 2013.

-Co-organizer and Chair of one of the sessions for Forages and Pastures Section of the Conference. ADSA-ASAS Annual Meeting; Indianapolis, IN. July 2008.

-Co-organizer (together with Dr. K. Soder, USDA/ARS) of the Symposium entitled “Understanding Diet Selection in Temperate Biodiverse Pasture Systems” presented at the ADSA /PSA/AMPA/ASAS joint annual meeting in San Antonio, TX. July 2007.

Other

-Co-organizer of the Grazing Behavior Workshop; State College, PA. July 2006.

Membership in Professional Organizations

American Society of Animal Science
Crop Science Society of America
American Forage and Grassland Council
American Registry of Prof. Animal Scientists

Membership in other Organizations

North Dakota Stockmens’ Association
North Dakota Livestock Alliance
North Dakota Lamb and Wool Producers Association

Invited Presentations and Seminars

*Denotes Dr. Scaglia’s graduate students

Scaglia, G. 2025. “Vision for the Departmental of Animal Sciences at NDSU.” North Dakota Stockmen's Association (NDSA) 96th Annual Convention & Trade Show; September 24-26.

Scaglia, G. 2024. “Ear tags and other precision livestock technologies”. NDSU Carrington Research and Extension Center; Carrington, ND. July 16.

Scaglia, G. 2020. “Bull Management”. Central Region Beef Cattle Forum. DeWitt Livestock Facility; Alexandria, LA. January 18.

Scaglia, G. 2019. “Evaluation of forage-fed beef produced from four breed types.” LCAAA Meetings; New Iberia, LA. June 2-5.

Scaglia, G. 2019. Grazing Cover Crops. In: 73rd Southern Pasture and Forage Crop Improvement Conference; May 21-23. Roanoke, VA.

Scaglia, G. 2018. “Nutrition and Body Condition Score in Beef Cattle.” 28th Annual Farm Forum and rep day. Scott Civic Center; New Roads, LA. February 5.

Scaglia, G. 2018. “Grazing Cover Crops During Transition Period.” Soil Health and Cover Crop

- Conference. LSU AgCenter DeWitt Livestock Facility. Alexandria, LA. January 24.
- Scaglia, G.** 2018. "Grazing Cover Crops During Transition Period." Soil Health and Cover Crop Conference. West Monroe, LA. January 23.
- Scaglia, G.** 2017. "Evaluation of forage-fed beef produced from four breed types". Cattle Producers of Louisiana Information Seminar. LSU AgCenter DeWitt Livestock Facility. February 10.
- Scaglia, G.** 2016. "Basics of Grazing Management". Louisiana Grazing Land Conservation Initiative: Education for Serious Grazers! LSU Agricultural Center Iberia Research Station and University of Louisiana at Cade Farm.
- Scaglia, G.** 2016. "Advanced Grazing Management". Louisiana Grazing Land Conservation Initiative: Education for Serious Grazers! LSU Agricultural Center Iberia Research Station and University of Louisiana at Cade Farm.
- Scaglia, G.** 2015. Hay quality and feeding. St. Martin Cattlemen's meeting. Breaux Bridge, LA. December 3.
- Scaglia, G.** 2015. Forage-fed beef production in Louisiana. Butterfield Farms Field Day, Pollock, LA. May 15.
- Scaglia, G.** 2015. Grazing management. SW Louisiana Cattlemen's Field Day. Lake Charles, LA. April 11.
- Scaglia, G.** 2015. Forage research in Louisiana: Utilization. *In*: Healing the Land and Building Soil Health Workshop (NRCS). Alexandria, LA. April 8.
- Scaglia, G.** 2015. Forage-fed beef production in Louisiana. St. Landry Cattlemen's meeting. Opelousas, LA. March 21.
- Scaglia, G.** 2014. Forage research in Louisiana: Utilization. *In*: Healing the Land and Building Soil Health Workshop (NRCS). Oak Grove, LA. October 17.
- Scaglia, G.** 2014. Forage research in Louisiana: Utilization. *In*: Healing the Land and Building Soil Health Workshop (NRCS). Alexandria, LA. May 23.
- Scaglia, G.** 2013. Finishing steers on a 100% forage diets: Forage systems, economics and carcass characteristics. Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA. December 6.
- Scaglia, G.** 2012. Invited presentation at the workshop organized by Natural Resources Conservation Service and Cattle Producers of Louisiana at Cade Farm (University of Louisiana-Lafayette). August 17.
- Scaglia, G.** 2010. Natural Resources Conservation Service-Grazing Lands Conservation Initiative-In Service Training. Prairie Research Unit, Mississippi State University. Prairie, MS. October 21.

- Scaglia, G.** 2010. Forage-Fed Beef Workshop. Prairie Research Unit, Mississippi State University. Prairie, MS. October 22.
- Scaglia, G.** 2010. Determination of intake in grazing herbivores: Current state of knowledge. Southern Section ASAS. Orlando, FL. February 9.
- Scaglia, G.** 2009. Performance of beef cattle grazing mixed swards and clover stands in Louisiana. Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA. December 4.
- Scaglia, G.,** Boland, H. T., and Stewart, R. L., Jr. 2005. Forage and Beef Cattle Research at Virginia Tech. Kentland tour for the Chatham County North Carolina Livestock Association. July 29.
- Scaglia, G.** 2005. Finishing beef steers on pasture. Department of Animal Sciences, Auburn University. Auburn, AL. June 12.
- Scaglia, G.** 2005. Feeding Strategies to Reduce Nitrogen and Phosphorus Excretion in Feedlot Steers. Department of Animal and Poultry Sciences, Virginia Tech. Nutrition Seminar Series. January 26.
- Scaglia, G.** 2004. Forage utilization by livestock. American Forage Grassland Council Kentland Farm Tour. June 12.
- National: Oral Presentations**
- Scaglia, G.** 2019. Grazing Cover Crops. 73rd Southern Pasture and Forage Crop Improvement Conference; May 21-23. Roanoke, VA.
- Scaglia, G.** and Muir, J. 2016. Potentials for the Development of Forage Research and Extension Programs. Southern Pasture and Forage Crop Improvement Conference; West Monroe, LA.
- Scaglia, G.,** Beck, P., Lalman, D., and Rouquette, M. 2016. “Issues Affecting Research and Extension Programs on Cow-Calf Production in the SE Region”. Southern Section of the ASAS Meetings; San Antonio, TX.
- Scaglia, G.** 2016. Beef production on different bermudagrass hybrids. AFGC Annual Meetings; Baton Rouge, LA. January 10-12.
- Scaglia, G.,** Williams, C. C., and Dolejsi, A. H. 2015. Adding medium quality hay to the diet of stocker calves grazing annual ryegrass did not improve beef production. JAM ADSA-ASAS. Orlando, FL.
- Gillespie, J. M., Bhandari, B. D., Sitienei, I., **Scaglia, G.** 2015. Delta Region Farm Management and Agricultural Policy Working Group SERA-35. “The economics of grass-fed beef.” May 28. (Co-presenter).
- Scaglia, G.,** G. T. Gentry, and J. Gurie. 2015. Production characteristics of stockpiled ‘Alicia’

- bermudagrass in Louisiana. Southern Section of the ASAS Meetings; Atlanta, GA.
- Scaglia, G.**, and Boland, H. T. 2013. Grazing behavior of heifers grazing mixed, adjacent or monoculture pastures of ryegrass and clovers. Southern Section of the ASAS Meetings; Orlando, FL.
- Scaglia, G.**, Rodriguez, J., and Boland, H. T. 2012. Evaluation of three bermudagrass varieties for grazing and hay production. Southern Section of the ASAS Meetings; Birmingham, AL.
- Boland*, H. T., and **Scaglia, G.** 2010. Use of n-alkanes and long chain alcohols to estimate forage intake and diet composition of cattle grazing two forage species. Page 194 in Proc. of the 4th Grazing Livestock Nutrition Conference. Estes Park, CO.
- Scaglia, G.**, Corl, B., Swecker, W. S., Jr., and Lillie*, A. N. 2010. Effect of forage type on performance of weanling beef steers. Page 211 in Proc. of the 4th Grazing Livestock Nutrition Conference. Estes Park, CO.
- Scaglia, G.** and Boland, H. T*. 2010. Estimates of dry matter intake of beef steers grazing high quality pastures using alkanes. Page 212 in Proc. of the 4th Grazing Livestock Nutrition Conference. Estes Park, CO.
- Scaglia, G.**, Wyatt, W. E., and Boland, H. T. 2009. Effect of time of supplementation on grazing behavior of beef calves grazing annual ryegrass. Southern Section of the ASAS Meetings. Atlanta, GA.
- Scaglia, G.**, Swecker, W. S., Jr., Fiske, D. 2007. SVAREC Cow-calf forage systems project: Past, Present and Future. The Virginia Tech Shenandoah Valley Agricultural Research and Extension Center (SVAREC) Field Day. Steeles Tavern, VA.
- Pickworth*, C. L., **Scaglia, G.**, Swecker, W. S., Jr., Fontenot, J. P., Wahlberg, M. L., and Abaye, A. O. 2006. Tall fescue type effect on backgrounded calf health and performance. Southern Section of the ASAS Meetings. Orlando, FL.
- Pickworth*, C. L., **Scaglia, G.**, Swecker, W. S., Jr., Fontenot, J. P., and Wahlberg, M. L. 2006. The effect of supplementation frequency and transportation stress on performance and health of newly weaned calves. Southern Section of the ASAS Meetings. Orlando, FL.
- Gregory*, S., **Scaglia, G.**, and Stewart, R. L., Jr. 2006. The use of alkanes to estimate forage intake on steers grazing different fescue types or Lakota prairiegrass. Southern Section of the ASAS Meetings. Orlando, FL.
- Scaglia, G.**, Fiske, D., Fontenot, J. P., Hall, J. B., Swecker, W. S., Jr., and Fike, J. H. 2005. Cow/calf forage systems project – three year results. The Virginia Tech Shenandoah Valley Agricultural Research and Extension Center (SVAREC) Field Day. Steeles Tavern, VA.
- Swecker, W. S., Jr., **Scaglia, G.**, Fiske, D., and Fontenot, J. P. 2005. Backgrounding calves on forage. The Virginia Tech Shenandoah Valley Agricultural Research and Extension

Center (SVAREC) Field Day. Steeles Tavern, VA.

Scaglia, G., Fontenot, J. P., Swecker, W. S., Jr., Pickworth, C. L., and Shanklin, R. 2004. Backgrounding systems for beef cattle. The American Forage Grassland Council Meeting. Roanoke, VA.

National: Poster Presentations

Scaglia, G. 2019. Effect of planting method on forage production of annual ryegrass and stocker performance. ASAS/CSAS Annual Meetings and Trade Show; Austin, TX. July 8-11.

Scaglia, G., and H. T. Boland. 2013. Performance and grazing behavior of steers grazing three bermudagrass varieties. Southern Pasture and Forage Crop Improvement Conference. Tyler, TX. April 22-24.

Scaglia, G., and Boland, H. T. 2013. *In situ* dry matter disappearance of bermudagrass and sudangrass hays harvested at different time of the day. Joint Annual Meetings, ADSA/ASAS. Indianapolis, IN. July 8-12.

Boland*, H. T., **Scaglia, G.,** Rook, A. J., Swecker, W. S., Jr., Abaye, A. O., and Fike, J. H. 2008. Behavior of cattle grazing adjacent monocultures of tall fescue and alfalfa. The GSA-SSSA-ASA-CSSA Joint Annual Meeting. Houston, TX. October, 20-22.

Boland*, H. T., **Scaglia, G.,** Swecker, W. S., Jr., and Fontenot, J. P. 2006. Effects of different pre- and post-weaning strategies on grazing behavior of beef calves. The ASA, CSSA, SSSA International Annual Meeting. Indianapolis, IN. November 12-16.

International: Oral Presentation

Scaglia, G., and Boland, H. T.* 2011. Impact of spatial arrangement of grass and legumes on performance and grazing behaviour of beef heifers. Proc. of the 8th Intl. Symp. on the Nutr. of Herbivores. Aberystwyth, Wales, UK.

Scaglia, G. Fondo Ganadero de Honduras and Zamorano College (Honduras). 2009. “Collaborative program on efficient use of forage resources between LSU AgCenter, FGH, and Zamorano College”; San Pedro Sula, Honduras. January 18.

Scaglia, G. Fondo Ganadero de Honduras and Zamorano College (Honduras). 2008. “Research priorities on grazing environments”; San Pedro Sula, Honduras. September 12.

International: Poster Presentation

Scaglia, G. 2019. Effect of breed type in grass-fed production systems. European Federation of Animal Science Annual Meeting; August 26-30, Ghent, Belgium.

Scaglia, G., Bhandari, B., Gillespie, J., and Wang J. J. 2013. Forage systems effect on forage-fed beef production. Proc. 22nd Int. Grassl. Cong. (Eds. D. L. Michalk, G. D. Millar, W. B. Badgery, and K. M. Broadfoot). Pp. 589-590. Sydney, Australia.

Scaglia, G., Andreoli, F., Carle, G. and Martignone, L. 1998. Hourly grazing of a sown pasture

as a winter supplement for weaned calves. 8th World Conference of Animal Production. June 28 - July 4. Seoul, South Korea.

Scaglia, G., Terra, J. A., and García Prèchac, F. 1998. A comparison of four land use intensities for forage production in eastern Uruguay. 8th World Conference of Animal Production. June 28 - July 4. Seoul, South Korea.

5. Other scholarly or creative activities or other contributions to the profession

-Member of the National Committee for “Ruminant Nutrition” of the American Society of Animal Science (four years; 2019-2023).

-Member of the Committee for Organic and Sustainable Agriculture (Representing the Crop Science Society of America). March 2012 until present.

-Member of the “Forages and Pastures” Committee of the Southern section of the American Society of Animal Science (two periods of 4 years; 2016-2019). Chair for the 2019 Meetings; Oklahoma City, OK. January 26-29, 2019.

-Member of the National Committee for “Forages and Pastures” of the American Society of Animal Science (three years).

-Member of the National Committee for “Ruminant Nutrition” of the American Society of Animal Science (four years; 2010-2014).

-Guest Lectures (two each semester; except in 2015, one class) in course ANSC 4060 “Animal Sciences Contemporary Issues”, course taught by Dr. K. McMillin every year. Spring Semester from 2008 to 2019 (number of students: 15, 12, 18, 17, 25, 32, 29, 26, 22, 23, 24, and 21, respectively).

-Guest Lectures (two each semester) in course ANSC 4084 “Beef Cattle Production”, course taught by Dr. M. Garcia every year. Spring Semester from 2010 to 2015 (number of students: 23, 22, 24, 27, 29, and 23, respectively).

-Guest Lecture (one lecture) in course AGRO 4005 “Forage Ecology and Management”, course taught by Dr. E. Twidwell every other year. Spring semester 2014, 2016, and 2018 (number of students: 21, 23 and 19 respectively).

-Trained and supervised five Research Associates: Dr. Pablo Loza (August 15, 2008-November 1, 2009), Ms. Mindy Chiasson (January 19, 2010-February 14, 2011), Mr. Jose Rodriguez (January 1, 2012-July 13, 2012), Mr. Arthur Hebert (May 1, 2011-December 20, 2013), and Mr. Rylan Shipp (June 1, 2014-August 2017).

At Virginia Tech I had teaching responsibilities (20% of the appointment). The classes that I was in charge of teaching were:

Undergraduate curriculum:

-APSC 3004. Junior Seminar: Science/Animal Industry Interface. 2 credits course. Spring Semester 2005, 2006, and 2007. Average of 15 students per semester.

-ALS 3204. Animal Nutrition and Feeding. 4 credits course. Spring Semester 2006 and 2007. Average of 72 students per semester.

Graduate curriculum:

-ALS 5984. Advanced Topics in Ruminant Nutrition. 3 credits. Spring 2006 (even years). Nine students.

Other teaching activities:

-Invited guest speaker in ALS 5124, Protein and amino acid metabolism (Virginia Tech), graduate course taught by Dr. J. Escobar. Spring 2007. Presentation: "Protein Nutrition in Ruminants". Number of students: 14.

-Invited guest speaker in APSC 1464, Introduction to Animal Science (Virginia Tech) undergraduate course taught by Dr. C. Wood. Spring 2005, 2006, and 2007. Presentation: "Comparative Nutrition Across Species". Number of students: 180.

-Invited guest speaker in ALS 3204, Animal Nutrition and Feeding, undergraduate course taught by Dr. K. Webb. Fall 2006. Presentation: "Beef Cattle Nutrition". Number of students: 69.

-Established a Journal lab with graduate students (10 students) interested in ruminant nutrition, forage utilization, livestock production (graduate students from the Departments of Animal and Poultry Sciences, Veterinary School, and Crops and Soils Environmental Sciences were present) to discuss the new advances and discoveries in these areas.

6. Other awards, lectureships, or prizes that show recognition of scholarly or artistic achievement

-NDSU Core Values Award; it is a peer-to-peer award that recognizes colleagues for their commitment to the core values of NDSU Agriculture: integrity, impact, and innovation. 2024.

-Outstanding Associate Editor Award, Crop Science Society of America (CSSA). 2017.

-American Forage and Grassland Council Merit Award. 2016.

-Denver T. and Ferne Loupe Extension Team Award. 2013. LSU AgCenter.

-Texas Cattle Feeders Association Educational Fund. Scholarship awarded twice: August 2000 (\$2,500) and April 2002 (\$2,000).

-Heep Foundation. Scholarship awarded in August 2000 (\$2,000).

-First prize for oral and written presentation of two abstracts at the 7th Annual Student Research Conference held at West Texas A&M University. Canyon, TX. November 2000.

-Scholarship awarded to Young Scientists by the Organizing Committee of the 8th World Conference of Animal Production in order to assist this Conference in Seoul, South Korea, from June 28-July 4, 1998.

- Scholarship awarded by the Inter-American Development Bank to pursue the M.S. degree at Texas A&M University. 1992-1994.
- Scholarship from the United Nations Development Program to participate in the Planned Technical Assistance Project (PTAP) as part of a multi-disciplinary team that gave technical assistance to dairy producers. 1988.

7. Research support/grant activities

Funded proposals

Total research grants/contracts received: **\$3,556,277**

Scaglia, G., Paudel, K. P., Gentry, G. T., and Guidry, K. M. USDA-NIFA/AFRI for “Increasing the adoption of technology and enhancing sustainability of small beef cattle farms.” **\$500,000**. 5 years (04/01/2021-03/31/2026).

Scaglia, G., Prinyawiwatkul, W., Persica III, M. 2016. Louisiana Beef Industry Council. “Evaluation of forage-fed beef produced from four breed types.” **\$9,500**; 1 year.

Scaglia, G., Fultz, L., and Viator, H. P. 2016. Louisiana Conservation Innovation Grants (CIG) program for “Reduce soil runoff and improve soil quality and organic matter in lands devoted to sugarcane production with the use of cover crops and other cultural practices”; **\$149,958**; 3 years. September 2016-August 2018.

Scaglia, G., Gillespie, J. M., Gebrelul, S., Marshall, R., and Westra, J. 2015. USDA-NIFA/AFRI for “Production and Market Development for Grass-fed Beef in the Gulf Coast Region of the U.S.”; **\$479,880**; 4 years (no cost extension until 12/31/2020; no cost extension until 12/31/2021).

Wang, J. J., Dodla, S., **Scaglia, G.**, and Jeong, C. State CIG for “Demonstration of integrated legume- grass forage system to improve air and water quality through decreased N fertilization”; **\$74,407**; (July 2015-June 2018).

Scaglia, G., J. Gillespie, and J. J. Wang. Southern SARE. “Breed types and cover crops provide alternatives for sustainable year-round supply of forage-fed beef for small farms in the Gulf Coast region: Research and on-farm demonstrations”. **\$171,988** (June 2015-May 2018).

Scaglia, G. Louisiana Beef Industry Council for “Effect of stocking rate and level of supplementation on performance of stockers grazing ‘Nelson’ ryegrass”. **\$11,000** (July 2013-June 2014).

Foil, L., Hogsette, J., Gentry, G. T., and **Scaglia, G.** SRIPM/NIFA. “Developing new techniques to use in the integrated pest management of stable flies”. **\$156,457** (July 2010- June 2014).

Scaglia, G., Gillespie, J., McMillin, K. W., Harrison, W., Jr., Westra, J., Malekian, F.,

Prinyawiwatkul, W., and Janes, M. USDA-NIFA AFRI (2011-67023-30098) for “Profitability for Small Beef Producers through Sustainable Forage Systems and Value Added Forage Fed Beef Production”. **\$500,000** (February 2011-January 2016).

Scaglia, G., Williams, C. C., and Gentry, G. T. Louisiana Beef Industry Council for “Supplementation time affects grazing behavior, performance, and rumen parameters of beef steers grazing ryegrass” **\$6,905**. (August 2009-July 2010).

Scaglia, G., Wang, J. J., and Gillespie, J. The SARE Southern Section competitive research grant proposal agreement No. RD309-105/4690138 for “Maximizing profitability, sustainability, and carbon sequestration of no-till forage systems for finishing beef cattle in the Gulf Coast region.” **\$136,000**. (July 2009-June 2012).

Corl, B., **Scaglia, G.**, and Wen, Z. The Virginia Agricultural Council competitive research proposal No. 2007-103 for “Use of omega-3 rich algae as a feed supplement for dairy and beef cattle.” **\$28,000**. (July 2007-June 2010).

Fike, J. H., **Scaglia, G.**, Notter, D. R., and Burger, J. The Virginia Agricultural Council competitive research proposal No. 2007-81 for “Silvopastures for hair sheep production.” **\$18,000**. (July 2007-June 2010).

Scaglia, G. and Swecker, W. S., Jr. The USDA/ARS SCA award (1932-21630-002-00D) for “Pasture based beef systems for Appalachia.” **\$1,274,982**. (July 2005-June 2007).

Scaglia, G., Abaye, A. O., Swecker, W. S., Jr., and Smith, R. The Virginia Agricultural Council competitive research proposal No. 2004-0123 for “Fatty acid deposition in edible tissues from pasture- and concentrate-fed steers.” **\$ 26,700** (July 2004-June 2007).

Greene, L. W., **Scaglia, G.**, and McCollum, F. T. III. The Houston Livestock Show and Rodeo for “Impact of feeding level and implant strategy during the growing period on performance, carcass characteristics and composition of beef steers.” **\$12,500** (July 2001-June 2002).

Proposals submitted but not funded

Scaglia, G., Schumacher, L., Feng, X., Schauer, C., Swanson, K., Hanna, L., Bernhardt, H., Ludwig, S., Braaten, B. 2023. USDA-NIFA/AFRI: “PARTNERSHIP: SheePLF - Evaluating climate-smart technologies for sustainable sheep farming and workforce enhancement.”

Alison, M., **Scaglia, G.**, Fultz, L., Wang, J. J., Han, K. J. 2018. USDA-NIFA/AFRI for “Soil health and ecosystem services benefits from various grazing management strategies”; \$499,735.

Wang, J. J., Dodla, S., Jeong, C., and **Scaglia, G.** 2016. National Conservation Innovation Grants (CIG) program for “Reducing ammonia and greenhouse gas emissions and runoff water nutrient losses in manure-affected soils using nitrogen stabilizers and biochar amendment”; \$456,680; 3 years.

Hubchen, J., Kuvimiha, S., Bunch, J. C., Arcemont, L., **Scaglia, G.**, Westra, J. 2016. Cochran Fellowships for Jamaicans: Promoting Community Development through Small Farmer Engagement; \$34,467; 1 year. USDA/Foreign Agricultural Service.

Proposals pending

Scaglia, G., and L. Schumacher. 2025. Development of Livestock Precision Technologies for ND producers. State Board of Agricultural Research and Education. Capital projects: Development of infrastructure for livestock precision farming research and education (robotics milking, smart heifer barn; smart beef feedlot); 4,5 million dollars. Support (operating funds) for the Precision Livestock Initiative (1,5 million dollars).

Funding sources:

- * North Dakota State Board of Agriculture Research and Education
- * North Dakota Soybean Council
- * North Dakota Corn Council
- * Famers Union-North Dakota
- * NDSU Foundation
- * Louisiana Beef Industry Council
- * Conservation Innovation Grants (CIG)-NRCS
- * SARE Southern Section
- * AFRI/NIFA
- * Virginia Agricultural Council
- * USDA/ARS
- * The Houston Livestock Show and Rodeo

8. Theses/Dissertations directed

As major advisor:

2 Ph.D. dissertations (completed; at Virginia Tech)

Dr. Holly T. Boland (Former Assistant Professor, Mississippi State University, Prairie Unit)

Dr. R. Lawton Stewart, Jr. (Professor and Extension Coordinator, The University of Georgia, Department of Animal and Dairy Science)

4 M.S. thesis (completed)

Jose M. Rodriguez (LSU)

Carrie L. Pickworth (Virginia Tech)

Holly T. Boland (Virginia Tech)
Nathaniel C. Burke (Virginia Tech)

As member of the Graduate Committee (all completed except indicated otherwise):

Ngoc Le (Dr. M. Bampasidou, Major Professor, LSU; expected graduation date December 2018)

Joseph Mikhael (Dr. J. J. Wang, Major Professor, LSU; expected graduation date December 2018)

Zachary Turnage (Dr. M. Deliberto, Major Professor, LSU)

Bo Lin (Dr. R. W. Harrison, Major Professor; LSU)

Basu Bhandari (Dr. J. Gillespie, Major Professor; LSU; expected graduation date December 2015)

Isaac Sitienei (Dr. J. Gillespie, Major Professor; LSU; expected graduation date December 2015)

David Skeans (Dr. J. Rowntree, Major Professor; LSU)

Kyle Guidry (Dr. G. Gentry, Major Professor; LSU)

Matt Webb (Dr. O. A. Abaye, Major Professor; Virginia Tech)

Elizabeth Yarber (Dr. O. A. Abaye, Major Professor; Virginia Tech)

Jonathan Rotz (Dr. O. A. Abaye, Major Professor; Virginia Tech)

Aaron Lucas (Dr. A. Zajac, Major Professor; Virginia Tech)

Ondrej Becvar (Dr. W. S. Swecker, Jr., Major Professor; Virginia Tech)

Thomas Smith (Dr. J. H. Fike, Major Professor; Virginia Tech)

Roberto Franco (Dr. M. Wahlberg, Major Professor; Virginia Tech)

Sebastian Arriola (Drs. O. A. Abaye and B. Tracy, Co-Chairs; Virginia Tech)

9. Major areas of research interest

At NDSU, my major role is in administration; however, I have spearheaded the effort of developing an Initiative on Precision Livestock Farming together with Faculty in different departments, both within and outside the College of Agriculture, Food Science, and Natural Resources (CAFSNR). My role is mainly creating the group, and the necessary space for scientists and extension specialists to interact and coordinate research and extension efforts. We have an interdisciplinary team of animal scientists, agriculture engineers, computer engineers, electrical engineers, and agricultural economists. Different team members in this Initiative received 4 different grants from CAFSNR and SBARE (State Board of Agricultural Research and Education) to conduct different experiments in beef cattle (Dr. C. Tobin), sheep (Dr. C. Schauer), and swine (Drs. C. Byrd, and X. Feng). Our Initiative excited a lot of stakeholders who are now demanding more information through talks, workshops and hands-on activities. Among these requests, the use of virtual fencing in grazing systems, smart tags (beef, dairy, and sheep), and sensor application in barns are the most in demand.

Before starting at NDSU, my major areas of research have been to understand the plant-animal interface and to enhance the forage resources utilization by different classes of cattle. The goal has been to evaluate production systems differing in complexity that will provide the best alternative to sustainably and economically produce beef in the region. My research work at the Louisiana State University Agricultural Center focused on:

A) The development of forage systems for finishing cattle in the Gulf Coast region (2008-2014) and the evaluation of breed types for forage-fed beef production (2015-2021). In the former, the main objectives were the evaluation of different forage systems to develop a profitable and sustainable finishing program that will allow the production of 1100 lb steers at 17-19 months of age. On the second one, we evaluated the performance of 4 breeds (Angus, Brangus, Holstein, and Pineywoods) on a grass-finishing program. These projects received funding from S-SARE and NIFA, several peer-reviewed articles were published, graduate students worked, and data were presented in many different oral or poster sessions (scientific conferences, field days, workshops, pasture walks) and mass media (newsletters, producers' magazines [local and national reach]). We hope to be able to complete the face-to-face activities (interviews, grass-fed beef workshop, etc.) this year. Activities were re-programmed due to the pandemic.

B) Understanding grazing behavior of beef cattle. The main objectives in the grazing behavior program is to determine 1) the impact of spatial arrangement of grasses and legumes on performance; 2) the effect of time of day of supplementation, on grazing behavior, ruminal environment parameters, and digesta kinetics; 3) the effect of hay feeding strategies on stockers grazing annual ryegrass. Data generated from all these three objectives derived in several publications including five peer-reviewed articles.

C) Determination of the effect of stocking rate on stocker steer performance, forage response to grazing, and the effect of supplementation with starch (ground corn) or high digestible fiber (soybean hulls pellets) on animal performance and reproductive success of replacement heifers when grazing 'Nelson' annual ryegrass. Peer-reviewed articles are underreviewed.

D) Evaluation of annual ryegrass cultivars (di- and tetra-ploids) under grazing conditions at the Iberia Research Station. This work was published recently. We now have 2 years of data of a similar experiment conducted at the Dean Lee Research and Extension Center.

E) Evaluation of low and high management cow-calf systems in a multidisciplinary system-oriented approach to problem solving. This was a long-term project at the Iberia Research Station and served as the cornerstone for a recently funded federal grant.

Outreach-field days, trade-shows, direct clientele contact

2025

-The North Dakota Stockmen's Association (NDSA) 96th Annual Convention & Trade Show;
September 24-26

-NDSU Agriculture Field Days (5 Research and Extension Centers); July 14-23

-North Dakota Livestock Alliance; Annual Summit; January 28

2024

-The North Dakota Stockmen's Association (NDSA) 95th Annual Convention & Trade Show;

September 18-20

- North Dakota Stockmens' Association Board Meeting; July 17
- North Dakota Livestock Alliance Board Meeting; July 9
- North Dakota Corn Council; May 12
- North Dakota Livestock Alliance; Annual Summit; January 30
- North Dakota Soybean Council; January 12

2023

- NDSU Field Days (5 Research and Extension Centers); July 10-19
- North Dakota Stockmens' Association Board Meeting; July 13
- North Dakota Livestock Alliance Board Meeting; June 28
- North Dakota Corn Council; July 11
- North Dakota Soybean Council; March 9

2022

- NDSU Field Days (6 Research and Extension Centers); July 6-14
- North Dakota Stockmens' Association Board Meeting; July 18
- North Dakota Livestock Alliance Board Meeting; June 20

2021

- Louisiana Grazing Lands Coalition Initiative. Online; March 5.
- Louisiana Grazing Lands Coalition Initiative. Online; February 26.
- Discussion project Individual feed intake research and RIC2Discover system (<https://hokofarmgroup.com/products/ric2discover/>); Mr. Arnold van Leeuwen, company's representative. February 11.
- C-Lock (<https://www.c-lockinc.com/>) Representative; Mr. Ted Cunningham. Discussion on equipment to determine greenhouse gases emissions in beef cattle. January 29.
- Louisiana Grazing Lands Coalition Initiative. Online; January 15.

2020

- Louisiana Grazing Lands Coalition Initiative. Online; December 4.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day; Abbeville, LA. October 27. Organizer and presenter (online presentation).

- Louisiana Grazing Lands Coalition Initiative. Online; October 2.
- LFGC Meeting to organize Annual Meeting. Dean Lee Research and Extension Center. September 29.
- Meeting with Mr. Dale Frederick (Facilities planning) at DLRS; installation of individual feeding capabilities; September 24.
- GrowSafe representative; conference call about purchase of equipment; September 23.
- Louisiana Grazing Lands Coalition Initiative. Online; September 18.
- GrowSafe representative; conference call about purchase of equipment; September 9.
- Louisiana Grazing Lands Coalition Initiative. Online; August 7.
- LSU AgCenter Dean Lee Research and Extension Center virtual field day. July 20.
- Louisiana Grazing Lands Coalition Initiative. Online; July 10.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day Planning Meeting; Online. June 16.
- Louisiana Grazing Lands Coalition Initiative. Online; May 15.
- Mentoring committee for Dr. Ashley Edwards; Online meeting; May 7.
- Virtual Meeting; planning for the new LSU AgCenter livestock website; April 9.
- Louisiana Grazing Lands Coalition Initiative. Online; March 20.
- 2nd Advanced Master Cattleman. Alexandria, LA; March 13. Organizer and Presenter.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. LSU AgCenter Iberia Research Station. March 7. Organizer and presenter.
- Central Region Beef Cattle Forum. Alexandria, LA; February 18. Presenter.
- ABS representative meeting; update on semen availability and purchase program for IRS and DLRS. February 11.
- Louisiana Beef Industry Council; Baton Rouge, LA; January 24. Presenter.
- Regional and Statewide Beef Cattle Program Update. Dean Lee Research and Extension Center. January 21.
- St. Mary Parish Fair; Franklin, LA; January 17. Presenter.
- 1st Advanced Master Cattleman. Alexandria, LA; January 10. Organizer and Presenter.

2019

- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; December 13.

- Southeast Region Tour. Neal Farm, Idlewild Research Station, Kent's Farm. December 11. Organizer.
- LFGC Meeting. Alexandria, LA. December 6. Organizer and presenter.
- Advisory Committee Meeting Iberia Research Station. Jeanerette, LA. December 4.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. UL-Cade; Cade, LA. November 2. Organizer.
- Expo Field Day. LSU AgCenter Dean Lee Research Station; June 27. Presenter and organizer.
- Louisiana Farm Bureau Federation Annual Meeting. New Orleans, LA. June 22.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; June 21.
- Southern Pasture & Forage Crop Improvement Conference. Roanoke, VA. May 21-23. Presenter and program organizer.
- Beef Cattle Field Day. LSU AgCenter Idlewild Research Station; May 4.
- Introduction to Artificial Insemination Class. LSU AgCenter Dean Lee Research Station; April 26. Presenter and organizer.
- Introduction to Artificial Insemination Class. LSU AgCenter Idlewild Research Station; April 25. Presenter and organizer.
- Master Cattle Producer Class, Ruminant Nutrition. NE Region, LaSalle Parish; April 22. Presenter.
- Introduction to Artificial Insemination Class. LSU AgCenter Iberia Research Station; April 11. Presenter and organizer.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; March 15.
- St. Landry's Cattlemen Meeting. March 12. Presenter.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. LSU AgCenter Iberia Research Station. March 9. Organizer and presenter.
- Louisiana Cattlemen Association Annual Meeting. West Monroe, LA. January 18.

2018

- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; December 14.
- LFGC Meeting. Alexandria, LA. December 7. Organizer and presenter.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. Abbeville, LA. October 24. Organizer and presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; September 28.

- NE Beef Cattle Forage Field Day. Mangham, LA; September 20.
- Master Cattle Producer Class, Ruminant Nutrition. Opelousas, LA; August 2. Presenter.
- Baby Beef contest organized by the Iberia Cattlemen's Association at the LSU AgCenter Iberia Research Station; May 19.
- Master Cattle Producer Class, Ruminant Nutrition. Lake Charles, LA; May 10. Presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; March 9.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. LSU AgCenter Iberia Research Station. March 3. Organizer and presenter.
- Pasture walk at Mr. Harvey Gonsoulin's farm; Use of cover crops in sugarcane fallow land period (NRCS funded). February 19. Co-Organizer and Presenter.

2017

- LSU AgCenter Acadiana Beef Cattle Producers Field Day. University of Louisiana at Cade. October 21. Organizer and presenter.
- Master Cattle Producer Class, Ruminant Nutrition. Abbeville, LA; September 18. Presenter.
- Master Cattle Producer Class, Ruminant Nutrition. Alexandria, LA; August 17. Presenter.
- Baby Beef contest organized by the Iberia Cattlemen's Association at the LSU AgCenter Iberia Research Station; May 20.
- Master Cattle Producer Class, Ruminant Nutrition. Farmerville, LA; April 17. Presenter.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. LSU AgCenter Iberia Research Station. March 18. Organizer and presenter.
- Master Cattle Producer Class, Ruminant Nutrition. Natchitoches, LA; March 6. Presenter.

2016

- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 2. Organizer.
- Pasture walk at the LSU AgCenter Iberia Research Station; Jeanerette, LA. November 29. Organizer and Presenter.
- Louisiana Beef Industry Council Meeting; Shreveport, LA. November 11. Presenter.
- Acadiana Cattle Producers Fall Field Day; Abbeville, LA. October 27. Organizer and Presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; October 21.
- Beef Marketing Strategies and Beef Added Value Conference; LSU AgCenter, Alexandria, LA. August 11.

- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; April 8.
- Master Cattle Producer Class, Ruminant Nutrition. Delhi, LA; April 4. Presenter.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. LSU AgCenter Iberia Research Station. March 19. Organizer and presenter.
- Master Cattle Producer Class, Ruminant Nutrition. Minden, LA; February 22. Presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; January 22.
- Louisiana Cattlemen's Association Convention. Houma, LA; January 8-10. Presenter.

2015

- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 4. Organizer.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; November 13.
- Acadiana Beef Cattle Producers Field Day. University of Louisiana at Lafayette (UL-L), Cade, LA; November 7. Organizer and Presenter.
- Master Cattle Producer Class, Ruminant Nutrition. Abbeville, LA; August 31. Presenter.
- Master Cattle Producer Class, Breeding and Genetics. Alexandria, LA; August 27. Presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; August 21.
- St. Martin Parish Cattlemen's Association Pasture Field Day. La Belle Chenier Ranch, St. Martinville; June 13.
- Master Cattle Producer Class, Ruminant Nutrition. Lake Charles, LA; June 11. Presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; May 22.
- Master Cattle Producer Class, Ruminant Nutrition. Alexandria, LA; May 21. Presenter.
- Baby Beef contest organized by the Iberia Cattlemen's Association at the LSU AgCenter Iberia Research Station; May 16.
- Butterfield Farms Field Day. Pollock, LA; May 15. Presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; April 13.
- Southwest Louisiana Cattlemen's Field Day. Lake Charles, LA; April 11. Presenter.
- Healing the Land and Building Soil Health Workshop (NRCS). Alexandria, LA; April 8. Presenter.
- Master Cattle Producer Class, Ruminant Nutrition. Farmerville, LA; April 6. Presenter.

- Acadiana Beef Cattle Producers Field Day planning Meeting. University of Louisiana at Lafayette (UL-L), Cade, LA; March 31.
- Master Cattle Producer Class, Ruminant Nutrition. Coushatta, LA; March 24. Presenter.
- St. Landry Cattlemen's meeting. Opelousas, LA; March 7. Presenter.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. LSU AgCenter Iberia Research Station. March 7. Organizer and presenter.
- Louisiana Cattlemen's Association Convention. Houma, LA; January 2-4. Presenter.

2014

- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 5. Organizer and presenter.
- Iberia Cattlemen's Association Meeting. Couteau, LA; November 24.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; November 21.
- Undergraduate students from Universidad Nacional Autonoma de Honduras visit the Iberia Research Station; Coordinated with International Programs Office; October 21. Presenter.
- Healing the Land and Building Soil Health Workshop (NRCS). Oak Grove, LA; October 18. Presenter.
- LSU AgCenter Dean Lee Research Station Beef Cattle Field Day. Alexandria, LA; October 16. Presenter.
- LSU AgCenter Acadiana Beef Cattle Producers Field Day. Abbeville, LA; October 2. Organizer and presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; September 19.
- LSU AgCenter Beef and Forage Field Day. Goldmine Plantation; Mengham, LA; September 18.
- Radio Interview (KANE AM 1240). Beef Cattle Production, Cattle and Beef Prices and impact on consumers; June 19. Presenter.
- Louisiana Grazing Lands Coalition Initiative. Alexandria, LA; June 13.
- Healing the Land and Building Soil Health Workshop (NRCS). Alexandria, LA; May 23. Presenter
- Multi-Parish Cattlemen's night. Dominique's Stockyard. Carencro, LA; May 22
- Baby Beef contest organized by the Iberia Cattlemen's Association. LSU AgCenter Iberia Research Station; May 17.
- LSU AgCenter Northwest Beef and Forage Field Day. Hill Farm Research Station. Homer, LA;

April 29.

-LSU AgCenter – Farm Bureau of Louisiana Beef Cattle Tour (Canton, Saginaw, Hart, and Amarillo, TX); March 29-April 1.

-LSU AgCenter Iberia Research Station-Acadiana Beef Cattle Producers Field Day; March 8. Organizer and presenter.

-Louisiana Cattlemen’s Association Convention. West Monroe, LA; January 17-18.

2013

-Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 6. Organizer and presenter.

-Iberia Cattlemen’s Association Annual Meeting. Coteau, LA; November 25. Presenter.

-Undergraduate students from the Universidad Nacional Autonoma de Honduras visit the Iberia Research Station; Coordinated with International Programs Office; October 15. Presenter.

-Acadiana Field day. Opelousas, LA; October 3. Organizer and presenter.

-LSU AgCenter Dean Lee Research Station Beef and Forage Field day; September 12. Presenter.

-Master Cattle Producer Class, Ruminant Nutrition. Abbeville, LA; September 9. Presenter.

-LSU AgCenter Macon Ridge Research Station Field Day; September 5.

-Louisiana Forage and Grassland Council Planning Meeting. Dean Lee Research Station; August 22.

-University of Louisiana-Lafayette at Cade Field Day. Cade, LA; August 21.

-Louisiana Grazing Lands Coalition Initiative Meeting. Alexandria, LA; August 16.

-Fondo Ganadero de Honduras; International Programs; August 6-8; Presenter.

-Sugarcane Field Day at LSU AgCenter Iberia Research Station; July 25.

-Beef Planning Meeting at LSU AgCenter Idlewild Research Station; July 19.

-LSU AgCenter Dean Lee Research Station Field Day; July 18. Organizer and presenter.

-Louisiana Cattlemen’s Association Meeting (West side of the LSU AgCenter Dean Lee Research Station); July 18.

-Beef Planning Meeting for the LSU AgCenter Macon Ridge Research Station at the LSU AgCenter Dean Lee Research Station; July 18.

-Beef Planning Meeting at LSU AgCenter Reproduction Biology Center; July 16.

-Advisory Committee Meeting. LSU AgCenter Dean Lee Research Station; July 15 (morning).

- Beef Planning Meeting. LSU AgCenter Dean Lee Research Station; July 15 (morning).
- Field Day planning Meeting. Lafayette Parish Office; July 15 (afternoon).
- State County Agents' Association Meeting. Abbeville; May 22. Presenter.
- Baby Beef contest organized by the Iberia Cattlemen's Association. LSU AgCenter Iberia Research Station; May 18.
- Acadiana Field Day Planning Meeting. Lafayette Parish Office May 17.
- Livingston Parish Beef Cattle Producers visited the LSU AgCenter Iberia Research Station; May 3. Presenter.
- Dr. DeRamus and his undergraduate class (14 students) from the University of Louisiana-Lafayette visit the LSU AgCenter Iberia Research Station; April 25.
- Field Day at the LSU AgCenter Red River Research Station; April 16.
- Field Day at the LSU AgCenter Southeast Research Station; April 5.
- Pasture walk. St. Francisville, LA; March 23.
- Webinar SERA041 Multi-state project series of seminars; March 19.
- Field Day at the LSU AgCenter Iberia Research Station; March 9. Organizer and presenter.
- Field Day Planning Meeting. Lafayette Parish Office; February 18 (morning).
- Beef Planning Meeting. LSU AgCenter Dean Lee Research Station; February 18 (afternoon).
- Louisiana Grazing Lands Coalition Initiative Meeting. Alexandria, LA; January 25.

2012

- LSU AgCenter Annual Conference; December 17-18. Presenter.
- St. Martin Parish Meeting; Research at the LSU AgCenter Iberia Research Station; December 14. Presenter.
- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 7.
- Beef Planning Committee Meeting. LSU AgCenter Dean Lee Research Station; December 5.
- Visit to Branch Ranch (LA) to select bulls to purchase in a video auction; October 23.
- Acadiana Beef Cattle Producers Field Day. Abbeville, LA; October 18. Presenter.
- Visit of 15 students from Honduras together with Ms. Susan Karimiha (International Programs); October 15. Presenter.
- LSU AgCenter Hill Farm Research Station Field Day; October 9.

- LSU AgCenter Communications, interviewed for video about the LSU AgCenter Iberia Research Station; October 5.
- Mr. A. J. Sabine (Farm Bureau Federation; This week in LA Agriculture; TWLA) interviewed me for a video about the Forage-fed beef project at the LSU AgCenter Iberia Research Station; October 1.
- Sugarcane Festival; Livestock Show; Collection of urine samples from steers; New Iberia; September 28.
- Workshop organized by NRCS and Cattle Producers of Louisiana at Cade Farm (University of Louisiana-Lafayette); August 17. Presenter.
- LSU AgCenter Dean Lee Research Station Beef Research Planning Meeting; August 13.
- Acadiana Beef Cattle Producers Field Day, Planning Meeting. LSU AgCenter Lafayette Parish Office; August 10.
- A group of members of the Youth Leadership Program visits the LSU AgCenter Iberia Research Station; July 23. Presenter.
- LSU AgCenter Dean Lee Research Station Field Day; July 19. Presenter.
- Presentation of "Ranch for Profit" workshop by Mr. Dave Pratt; Brookshire Farms (Mrs. A. Blanchet, owner). Abbeville, LA; June 16.
- 4-H heifer training at LSU AgCenter Iberia Research Station (Stan Dutile and Andrew Granger); June 14.
- Iberia Cattlemen's Association Meeting; LSU AgCenter Iberia Research Station; June 14. Presenter.
- LSU AgCenter Southeast Research Station Field Day; May 31.
- Acadiana Beef Cattle Producers Field Day. LSU AgCenter Iberia Research Station; May 5. Organizer and presenter.
- Vermilion Advisory Committee Meeting (Beef Cattle); Coordinator: Mr. A. Granger; April 12. Presenter.
- Beef Planning Meeting. LSU AgCenter Dean Lee Research Station; April 2.
- Pasture Walk at Dr. F. Rodosta's Farm. Opelousas, LA; March 17. Presenter.
- Visit to the LSU AgCenter Iberia Research Station of a group of beef cattle producers from Alabama; March 14. Presenter.
- Radio Interview (KANE AM 1240); Research conducted at the LSU AgCenter Iberia Research Station and future Field Day; March 1.

2011

- Dairy ACE Meeting. Baton Rouge, LA; December 15.
- Forages ACE Meeting. Baton Rouge, LA; December 15.
- Beef ACE Meetings. Baton Rouge, LA; December 15. Presenter.
- Iberia Cattlemen's Association Meeting. LSU AgCenter Iberia Research Station; December 7.
- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 2.
- Meeting with Beef Cattle researchers and extension personnel. LSU AgCenter Idlewild Research Station; November 10.
- New Orleans Agribusiness Council Meeting. New Orleans, LA; November 1. Presenter.
- Oak Creek Farm Field Day. Chappell Hill, TX; October 28. Presenter.
- Acadiana Cattle Producers Fall Field Day. Carencro, LA; September 17.
- Acadiana Cattle Producers Field Day Planning Meeting. Lafayette, LA; September 9.
- LSU AgCenter Master Cattle Program. Abbeville, LA; August 29. Presenter (Nutrition Section).
- Louisiana Forage and Grassland Council Meeting. LSU AgCenter Dean Lee Research Station; August 25.
- Beef Program Meeting; LSU AgCenter Dean Lee Research Station; August 18.
- LSU AgCenter Lafayette Advisory Committee Meeting and Field Day Planning. Lafayette, LA; June 9. Presenter.
- Acadiana Cattle Producers Spring Field Day. LSU AgCenter Iberia Research Station; April 9. Organizer and presenter.
- Meeting with the Rotary Club, New Iberia Golf Club. New Iberia, LA; March 16. Presenter.
- LSU AgCenter St. Mary Parish 4-H Fair and Livestock Show. Franklin, LA; January 21. Presenter.

2010

- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 3.
- Pasture Walk. LSU AgCenter Iberia Research Station. October 30; Presenter.
- Acadiana Cattle Producers Fall Field Day. Henry, LA; September 30.
- Mr. R. Steer and family (beef cattle producers from Bolivia) visited me at the Iberia Research Station. Presented research projects under my supervision; August 18.
- LSU AgCenter Dean Lee Research Station Field Day. Alexandria, LA; August 5.

- Acadiana Cattle producers Field Day Planning Meeting. Lafayette, LA; May 26.
- Baby Beef weighing day. LSU AgCenter Iberia Research Station for the Iberia Cattlemen's Association 4-H; May 22.
- Pasture Walk. Mr. H. Gonsoulin's farm; May 8.
- LSU AgCenter Rosepine Experiment Station Field Day; May 6. Presenter.
- Meeting with S. Dutille and A. Granger for LSU AgCenter Master Cattle Program. Lafayette, LA; April 8.
- Pasture Walk. LSU AgCenter Iberia Research Station; March 13. Presenter.
- Producers from Franklinton visited the LSU AgCenter Iberia Research Station. Beef cattle and forage research at the Iberia Research Station; March 10. Presenter.
- LSU AgCenter Vermilion Parish Advisory Committee Meeting. Abbeville, LA; February 22. Presenter.

2009

- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 4. Organizer and presenter.
- LSU AgCenter Hill Farm Research Station Field Day; October 1.
- Active participation in four "Pasture Walks" organized by the Grazing Louisiana Coalition Initiative in different producers' farms and host of one of them at the Iberia Research Station in July, 2009.
- Iberia Cattlemen's Association Annual Meeting; June 20.
- Farm Bureau Task Force Meeting (Alexandria, LA). This task force represents producers, Farm Bureau, NRCS, Cattlemen's Associations, and LSU AgCenter. Working towards the development of a stocker/finishing program with the objective of promoting Louisiana Produced Beef; April 27.
- Spring Field Day. LSU AgCenter Iberia Research Station. Presentation of preliminary data from projects conducted at the Iberia Research Station; April 5.
- Visit to the Black Belt Station (Auburn University). Meeting with Dr. R. Muntifer to discuss possible future collaboration; March 26.
- Farm Bureau Task Force Meeting (Baton Rouge, LA). This task force represents producers, Farm Bureau, NRCS, Cattlemen's Associations, and LSU AgCenter. Working towards the development of a stocker/finishing program with the objective of promoting Louisiana Produced Beef; February 15.

2008

- Beef ACE Meeting, LSU AgCenter Annual Meetings; December 17.
- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 5.
- Visit Overton-TAMU Research Station. Meeting with Drs. Rouquette, Forbes, Banta, McCuisition, and Randel. Discuss common research interest and possible collaboration in the future; August 17.
- Grazing Louisiana Coalition Initiative (Alexandria, LA). Presentation of the forage fed project to NRCS and producers (approximately 20 in attendance). This coalition organizes pasture walks in farms all over Louisiana and promotes grazing and correct use of forage resources; May 18.
- LSU AgCenter Rosepine Research Station Beef and Forage Field Day. May 1.

2007

- Louisiana Forage and Grassland Council Annual Meeting. Alexandria, LA; December 7.

Every year activities (2008-2022)

- Program Committee for the Louisiana Forage and Grassland Council Annual Meeting; I have participated in meetings to decide on topics and speakers to cover at the Annual Meeting that is held annually on the first Friday of December.
- LSU AgCenter Beef and Forage Advisory Committee (Lafayette, LA). Meeting (once a year) with Mr. S. Dutille and beef producers to discuss outreach activities, research projects, and organization of different workshops.
- LSU AgCenter Vermilion Parish Beef Advisory Committee (Abbeville, LA). Meeting (once a year) with Mr. A. Granger and beef producers to discuss outreach activities, research projects, organization of workshops and extension activities.
- Attend the Louisiana Farm Bureau Federation meetings in New Orleans.

At Virginia Tech

- 2006 Kentland Farm Field Day.

Presentations:

- A) Effect of fescue type on performance and blood metabolites in beef steers.
- B) Grazing behavior of steers on different forages.
- C) Effect of endophyte free fescue or alfalfa and high concentrate diet on carcass characteristics and fatty acid concentrations of edible tissues of beef steers.

- Shenandoah Research and Extension Center Field Day; August 3, 2005.
- Kentland tour for the Chatham County North Carolina Livestock Association; July 29, 2005.
- American Forage Grassland Council Kentland Farm Tour; June 12, 2004

11. Cooperative/collaborative efforts

At NDSU

-Organized the Precision Livestock Initiative with the goal of establishing working partnerships between Faculty at NDSU from different Departments and Research and Extension Centers (REC), such as Drs. L. Schumacher and X. Feng (Ag Biosystems and Engineering), S. Ludwig (Computer Science), B. Braaten (Electrical Engineering), Hanna and Swanson (Animal Sciences), J. Biermacher (Ag Economics), C. Schauer and R. Gibbs (Hettinger REC), L. Quail (North Central REC) and C. Tobin (Carrington REC), with industry partners like 701x and Grand Farm (both located in Fargo, ND). Also, in 2024 we have added a Faculty from University of Nebraska-Lincoln to the group.

At the LSU AgCenter

-Collaborative work with Dr. C. Navarre (School of Animal Sciences) and Dr. P. Bollich on establishing adequate management practices for pastures and beef cattle at the LSU AgCenter Central Research Station.

-Collaborative work with Dr. C. C. Williams (LSU AgCenter, School of Animal Sciences) analyzing forage samples in her laboratory, and training my Research Associates and Post-Doctoral Research Associate on different laboratory techniques.

-Collaborative work with: 1) Dr. R. Walker (LSU AgCenter, Hill Farm Research Station) on the use of baleage during the transition period to improve the performance of newly weaned calves; 2) Dr. W. Pitman (LSU AgCenter, Hill Farm Research Station) on the use of creep-grazing areas for beef calves; 3) Dr. G. Gentry (LSU AgCenter, Dean Lee Research Station) on the use of stockpiled bermudagrass for pregnant beef cows.

-Collaborative research with Dr. L. Foil (LSU AgCenter, Entomology Department) in the area of impact of stable flies on grazing behavior and performance of beef calves.

-Promote the integration between the Louisiana State University main campus (School of Animal Sciences, Food Science, Agricultural Economics and Agribusiness and School of Plant, Environmental and Soil Sciences) and the Iberia Research Station through the forage-fed project (funding from Southern SARE and AFRI/NIFA).

-Collaboration in integrated proposals submitted to AFRI with scientists and extension specialists from across the southeast (University of Kentucky, University of Arkansas, Texas A&M University, North Carolina State University, Mississippi State University, and University of Georgia).

-Collaboration with Dr. H. T. Boland (Mississippi State University, Prairie Unit) in the areas of stocker management, forage fed beef production, alternative weaning strategies and their impact on behavior and performance of beef calves, and forage resources for the Gulf Coast region.

-In the last 5 years I have increased the collaboration (towards pursuing external funds) with Drs. G. Gentry (LSU AgCenter, Idlewild Research Station); W. Pitman and R. Walker (LSU AgCenter, Hill Farm and Red River Research Station); J. Gillespie, W. Harrison, and J. Westra

(LSU AgCenter, Agricultural Economics & Agribusiness); L. Fultz, J. Wang and E. Twidwell (LSU AgCenter, School of Plant, Environmental and Soil Sciences); R. Marshall, S. Gebrelul and Y. Ghebreiyessus (Southern University); and K. Soder (USDA-ARS, Pennsylvania).

-At Virginia Tech, I collaborated in the area of grazing behavior with Dr. A. Rook who was at the time the former team leader - Behavioural and Community Ecology, Institute of Grassland and Environmental Research (Devon, UK). Collaboration was in the area of grazing behavior and nutrient capture efficiency of grazing ruminants. Dr. Rook was a member in Dr. H. T. Boland's PhD committee. In the same area, I reached an agreement with Dr. K. Umemura from the National Agricultural Research Center (Toyohira, Japan) for the use of electronic collars to determine biting rate in grazing ruminants.

12. Community involvement (as it relates to the AgCenter mission)

Participation at 4-H Achievement Day at St. Mary Parish and Ag Day at Iberia Parish (2009-2021).

D. SERVICE ACTIVITIES

1. Organizations advised

Board Member North Dakota Livestock Alliance. 2022-present.

Ex-officio member of the North Dakota Dairy Promotion Commission (NDDPC) and the North Dakota Division of Midwest Dairy.

Board Member Louisiana Forage and Grassland Council. 2008-2017. Organization of the Annual Meeting, define topic(s) and invited speakers.

Board member of the Louisiana Grazing Lands Conservation Coalition, member of the Grazing Lands Conservation Initiative, available at <http://www.glci.org/>. Improve communication among participating Institutions (NRCS, LSU AgCenter, stakeholders, Cattlemen's Associations, LFGC), organization of pasture walks and workshops targeting beef and forage producers across Louisiana. 2011 to present.

Louisiana Cattlemen's Association; demonstration activities at LSU AgCenter Dean Lee Research Station.

2. Recruitments of students and faculty

At Virginia Tech

-Graduate students that worked with me at Virginia Tech (S. Arriola, H. T. Boland, N. Burke, R. Franco, C. L. Pickworth, and R. L. Stewart, Jr.) and helped to recruit two students at Crop and Soils Environmental Sciences (Mr. J. Rotz and Ms. E. Yarber). After I left Virginia Tech, Mr. Arriola completed his MS under Drs. Abaye and Tracy (Department of Crop and Soil Environmental Sciences) while Mr. R. Franco completed his MS under Dr. M. Wahlberg (Department of Animal and Poultry Sciences).

Drs. Arriola, Boland, Pickworth, and Stewart continued their studies and are now PhD; Dr. Burke is a DVM.

-Search Committee for the Assistant Professor Position in Grassland Ecosystem Management at the Department of Crop and Soils Environmental Sciences (Virginia Tech). 2007. Position Type: Appointed. Dr. Benjamin Tracy was selected for this position.

-Search Committee: Animal Scientist-High Value Livestock (at Southern Piedmont Agricultural Research and Extension Center, Virginia Tech). 2007. Position Type: Appointed. Due to budget cuts the position was later eliminated.

At Louisiana State University Agricultural Center

Mr. Jose Rodriguez; MS student (graduated in 2012) and Research Associate at the Iberia Research Station.

-In August 2013, I recruited Dr. Juan Solomon (PhD at Mississippi State University) to work as a Post-doctoral research associate. Dr. Solomon was hired as an Assistant Professor at the University of Nevada at Reno (August, 2014).

-Search Committee: Assistant Professor Position at the Hill Farm Research Station; this search ended up with hiring Dr. Ryon Walker (2011).

-Search Committee: Assistant Professor Position at the Dean Lee Research Station; this search ended up without any hiring (2013).

At North Dakota State University

-Search Committee Chair for Interim AgAffairs Communications Director; this search ended up with hiring Elizabeth Cronin and Kelli Anderson as Co-Directors.

-Search Committee Chair for the Northern Crops Institute Director; David Boehm was hired.

-I have served as hiring manager for the Department for 5 Faculty members (Drs. Erin Beyer, Taw Scaff, Jake Galbreath, and Thea Fransen; also Ms. Lydia Trandem and Mr. Jacob Klautd were hired as Lecturers), 2 laboratory managers (Virginia Montgomery and Yssi Entzie), 1 Farm Manager (Shane Paasch) and 2 Administrative Assistants (Stephanie Sculthorp-Skrei and Darla White).

3. University service

At Virginia Tech

1) Department level

-Beef Cattle Facilities. 2007. Type: Committee. Position Type: Appointed.

-Applied Ruminant Nutrition. 2006. Description: Undergraduate Animal and Poultry Sciences (APSC) Curriculum Course Proposal Writing Group. Position Type: Appointed, Chair.

-Beef/Sheep Production. 2006. Service Description: Undergraduate APSC Curriculum Course

Proposal Writing Group. Position Type: Appointed, Member.

-Anatomy and Physiology. 2006. Service Description: Undergraduate APSC Curriculum Course Proposal Writing Group. Position Type: Appointed, Member.

-Facilities Master Plan Committee. 2006 - 2007. Position Type: Appointed, Member.

-Research Committee. 2005 - 2007. Position Type: Appointed, Member.

-Graduate Committee. 2005 – 2007. Position Type: Appointed, Member.

-Academic Advisor for 13 Undergraduate students in the Animal and Poultry Sciences Department.

2) College level

-College of Agriculture and Life Sciences Governance Council. 2005-2007. Position Type: Elected.

-International Program Policy Committee. 2005-2007. Position Type: Elected.

-Internal Advisory Committee of the Shenandoah Valley Agricultural Research and Extension Center (Virginia Tech). 2004 – 2007. Position Type: Volunteered.

At Louisiana State University-Agricultural Center

-Mentoring committee for Dr. Ashley Edwards; LSU AgCenter extension coordinator for animal program.

-Dean Representative (PhD committee) for Mr. Aubry Turner. College of Human Sciences and Education; School of Education, Department of Education, Leadership, Research, and Counseling. January 2016 to February 2018 (graduated on February 27).

-Dean Representative (PhD committee) for Mr. Justin Owen. College of Music and Dramatic Arts. School of Music. September 2016 to present.

-Chair Mentoring Committee for Dr. S. Davis; Red River Research Station. May 2016 to 2020.

-Member of the Promotion and Tenure Unit Committee for Dr. Ryon Walker, LSU AgCenter Hill Farm Research Station (Dr. Bill Owens, Chair); September 2015.

-Evaluation of Mr. Stanley Dutile, Extension Agent (C. Hebert, Chair); May 2015.

-Livestock manager. Responsible for coordination and data entry into the State system of all data related to beef cattle located at the LSU AgCenter Iberia Research Station; 2014-present.

-LSU AgCenter Awards Committee. Awards recognize exemplary performance by faculty and staff members who consistently excel in their positions and demonstrate integrity and a strong commitment to the mission of the LSU AgCenter; December 2014.

-Beef Quality Assurance (BQA) certified; March 2013.

-Beef Planning Task Force; appointed by Dr. P. Elzer, Vice-Chancellor for Animal Programs, LSU AgCenter; 2012 to 2015.

-Beef ACE leader; 2011-2012.

-Participation in P&T Committees for Faculty at the AgCenter (role between parentheses): Dr. R. S. Walker, LSU AgCenter Hill Farm Research Station (Chair), Dr. G. T. Gentry, LSU AgCenter Dean Lee Research Station (member), and Dr. K. J. Han, Southeast Research Station (Member).

-Member of the “Louisiana Agriculture Magazine” Editorial Board; 2009-2012.

-Member of the Louisiana State University-Agricultural Center Institutional Animal Care and Use Committee, IACUC; 2008-2021.

-Finalized an agreement with the International Programs Office at Louisiana State University-Agricultural Center, Fondo Ganadero de Honduras (FGH), and Zamorano College (Honduras) to improve and develop the beef cattle industry in Honduras. I participated in 2-5 day trips. The first one was to assess the Fondo Ganadero de Honduras’ resources for collaborative work. After agreeing with the International Programs Office that there was a real chance of doing this work, a second trip took place with the objectives of: 1) select based on production data (if available) and phenotypic characteristics the “elite” animals in the dairy and beef cattle herd that were located in Comeyagua (a ranch owned by FGH); 2) help FGH in the design and layout of the beef and dairy feeding, working, and handling facilities; and 3) visit to Zamorano College with the idea of knowing the Faculty involved in the Louisiana State University-Zamorano College agreement as well as discuss the possibility of future collaborative work with Faculty involved in Beef and Dairy Management, Reproduction, and Nutrition Programs. Reports from both trips were written and available upon request. On December 2013, I traveled again to Honduras to evaluate the progress that FGH did in the last years. A final report was prepared and submitted to International Programs and Program Leader. Future steps will be taken as soon as FGH can complete their plans.

At North Dakota State University

1) At Department level

-Facilitate the development of the 2023-2028 Strategic Plan

2) At College level

-Leadership Council (member); 2022-present

-Strategic Plan Implementation Committee (member); 2022-present

-International Partnerships Committee (Chair); 2023-present

-Implementation of Precision Livestock Initiative (Chair); 2023-present

3) Other

-Board member of the North Dakota Veterinary Diagnostic Laboratory

4. Professional service

Journals edited and manuscripts refereed

-Member of the Editorial Board of the Applied Animal Science. June 2020-2023.

-Member of the Editorial Board of the Crop Science (CSSA). January 2020-March 2022.

-Associate Editor for Crop Science (Division C6); January 2017-March 2022.

-Member of the Editorial Board of the Journal of Animal Science. 2013-2017.

-Chair/member of “Pastures and Forages” section of the Southern ASAS, “Pastures and Forages” section and “Ruminant Nutrition” section for ASAS at the national level.

-Reviewer for manuscripts in multiple journals: Journal of Animal Science, Rangeland Ecology and Management, Professional Animal Scientist/Applied Animal Science, Agronomy Journal, Crop Science, Forages and Grazinglands, Journal of Dairy Science, International Journal of Biometeorology.

-Reviewed four articles for scientists at USDA who require the articles to be reviewed previous submission.

Committees

-“Ruminant Nutrition” Committee, American Society of Animal Science (2020-2023).

-“Forages and Pastures” Committee of the Southern section of the American Society of Animal Science (2015-2019).

-Director (for Louisiana) of the South-Central Chapter of American Registry of Professional Animal Scientists (2014-2022).

-2014 ASAS Southern Section Emerging Scholar Award Committee.

-Committee for Organic and Sustainable Agriculture (Crop Science Society of America). March 19, 2012-2023.

-National Committee for “Forages and Pastures” of the American Society of Animal Science (3 years).

-National Committee for “Ruminant Nutrition” of the American Society of Animal Science (4 years; 3 as Member, 1 as Chair).

-“Forages and Pastures” Committee of the Southern section of the American Society of Animal Science (4 years; 3 as Member, 1 as Chair).

-Member of the Division C6 “Forage and Grazinglands” (Crop Science Society of America).

-Member of the “Animal Agriculture and the Environment Community” (American Society of Agronomy).

Multi-State Projects

Administrative Advisor (2022-present)

-NC1182 “Management and Environmental Factors Affecting Nitrogen Cycling and Use Efficiency in Forage-Based Livestock Production Systems.”

-NC214 “Increased Efficiency of Sheep Production.”

Member (2022-present)

-NCAC2 “Animal Health Advisory Committee”

-NCAC6 “Livestock Production”

Member (until 2022)

-SERA41: “Beef Cattle Production Utilizing Forages in the Southeast to Integrate Research and Extension Programs across State Boundaries.” I have served as Secretary (2012), Vice-Chair (2013), and Chair (2014). In 2015 I chaired the “writing group” in charge of submitting a new SERA41 project (“Beef Cattle Production Utilizing Forages in the Southeast to Integrate Research and Extension Programs across State Boundaries: Heifer Development”) that was approved (10/1/2015) until 2019 (09/30/2019).

-W3177: “Enhancing the Competitiveness and Value of U.S. Beef.”

-NRSP3: “The National Atmospheric Deposition Program (NADP)”

Proposals Reviewed

At Virginia Tech

-Hatch Proposal Review, Dr. Américo Casas (University of Puerto Rico). 2006. Position Type: Appointed. My Role: Reviewer.

-Hatch Proposal Review, Dr. Benjamin Corl (Dairy Science Department, Virginia Tech). 2006. Position Type: Appointed. My Role: Reviewer.

-Hatch Proposal Review, Dr. Burton Staniar (Animal and Poultry Sciences Department, Virginia Tech). 2006. Position Type: Appointed. My Role: Reviewer.

At Louisiana State University-Agricultural Center

Panel reviewer for SARE and NIFA

2020

-Southern SARE Research and Extension Program. Two proposals.

2017

-Southern SARE Research and Extension Program. One proposal.

2016

-Southern SARE Research and Extension Program. Three proposals; two as primary reviewer.

-NIFA-Small Business Innovation Research Program-Small and Mid-Sized Farms: 1 project as primary reviewer.

2015

-North Central SARE Research and Extension Program: 1 project as primary reviewer.

2013

-Southern SARE Graduate Students Program: 12 proposals (eight as primary reviewer and four as secondary reviewer).

2012

-Southern SARE Graduate Students Program: 15 proposals (10 as primary reviewer and five as secondary reviewer).

-Reviewer Panel for the Beginning Farmer and Rancher Development Program of NIFA/AFRI: 14 proposals (five as primary, five as secondary, and four as tertiary).

-Reviewer Panel for the Capacity Building Program of NIFA/AFRI: 10 proposals (two as primary, three as secondary, and five as tertiary).

2011

-Southern SARE Research and Extension: six proposals (four proposals as primary and two as secondary reviewer).

-Southern SARE Graduate Students Proposals: nine proposals as primary reviewer.

-Reviewer Panel for the Beginning Farmer and Rancher Development Program of NIFA/AFRI: 17 proposals (six as primary, six as secondary, and five as tertiary).

2010

-Southern SARE Research and Extension: five proposals (three proposals as primary and two as secondary reviewer).

-Southern SARE Graduate Students Proposals: 14 proposals (10 proposals as primary reviewer and four as secondary reviewer).

Other proposals reviewed

2018

-Hatch project review: Dr. C. Jiang (LSU AgCenter School of Animal Sciences). “Epigenetic Control of Preimplantation Embryo Development: Roles of 5-mC and 6-mA.”

2017

-Hatch project review: Dr. G. T. Gentry (LSU AgCenter Idelwild Research Station). “Development of a toxic bait for feral swine.”

2016

-Hatch project review: Dr. K. McMillin (LSU AgCenter School of Animal Sciences) "Meat and muscle properties with animal production systems, processing and packaging."

-Hatch project review: Dr. R. S. Walker (LSU AgCenter Hill Farm Research Station) “Developing alternative forage-based systems for backgrounding calves to improve forage utilization and animal performance.”

Hatch project review: Dr. W. Pitman (LSU AgCenter Hill Farm Research Station) “Forage varieties and management approaches to diversify Louisiana pastures for enhanced sustainability.”

2015

-Hatch project review: Dr. T. Lavergne (LSU AgCenter School of Animal Sciences) “Nutrition, management, and incubation of poultry.”

2014

-Hatch project review: Dr. R. C. Reigh (LSU AgCenter Aquaculture Research Station) “Nutritional factors affecting growth and skin quality of farmed American alligator.”

-Hatch project review: Dr. M. W. Alison (LSU AgCenter Macon Ridge Research Station), “Evaluation of crops with potential for utilization as forage and feedstock for biochemical industries.”

2013

-Hatch project review: Dr. G. T. Gentry (LSU AgCenter Dean Lee Research Station, LSU AgCenter). “Effect of estrous synchronization and artificial insemination on longevity in the crossbred beef herd.”

2012

-Hatch project review: Dr. M. McCormick (LSU AgCenter Southeast Research Station); “Use of agricultural by-products in pasture, hay and baleage-based diets for dairy cattle.”

-Hatch project review: Dr. G. T. Gentry (LSU AgCenter Idlewild “Bob R. Jones” Research

Station); “Increasing the efficiency of assisted reproductive technologies in farmed cervids.”

2011

-State project review: Dr. R. S. Walker (LSU AgCenter Hill Farm Research Station); “Cow size and its effects on feed, fertility, and production efficiency in beef production systems in Louisiana.”

2010

-Hatch project review: Dr. K. H. Harborth (LSU AgCenter School of Animal Sciences): “Pre-weaning management practices and its effects on the need and duration of post-weaning management systems.”

Promotion and Tenure packet reviews

At North Dakota State University

2025

-Dr. Lauren Hanna. Department of Animal Sciences, NDSU; Role: Department Head

2024

-Dr. Derek Brake. Department of Animal Sciences, University of Missouri; Role: External Reviewer

-Dr. Christopher Byrd. Department of Animal Sciences, NDSU; Role: Department Head

-Dr. Lisa Christenson. Department of Animal Sciences, NDSU; Role: Department Head

2023

-Dr. Jessica Metcalf. Department of Animal Sciences, Colorado State University; Role: External Reviewer

2022

-Ms. Jordan Schrupp. Department of Animal Sciences, NDSU; Role: Department Head

-Dr. Travis Hoffman. Department of Animal Sciences, NDSU; Role: Department Head

-Dr. Carl Dahlen. Department of Animal Sciences, NDSU; Role: Department Head

At Louisiana State University-Agricultural Center

2017

-Dr. K. Mullenix, Department of Animal Sciences, Auburn University; Role: External Reviewer.

2015

-Dr. Daniel Rivera, Animal and Dairy Sciences, Mississippi State University; Role: External

reviewer.

5. Other external and community service

-Smithsonian Institute (2006-present); Sacred Heart Church, New Iberia (2008-2016); Sacred Heart Church, Broussard (2016-present); LSU Family Association (2014-present).
